UK 4AA eLED SUREFOOT – Dual Beam Safety Light

The Underwater Kinetics 4AA eLED SUREFOOT is a revolutionary new intrinsically safe LED flashlight, certified for use in hazardous locations (Zone 0 & 20). A first-class tool for poorly lit work areas. The primary beam (170 lumens) shines forward, the secondary beam (20 lumens) shines downward. There is no loss of burn time (6,5 hours) when using both beams together. Particularly recommended for use in civil engineering, sewer construction, road building, Heating, sanitary and electrical engineering and metalworking

Features

- The primary beam (170 Lumens) shines forward, the secondary beam (20 Lumens) shines downward
- There is no loss of burn time (6,5 hours) when using both beams together
- Mounts to several work helmets with UK helmet clips
- Particularly recommended for use in civil engineering, sewer construction, road building Heating, sanitary and electrical engineering and metalworking
- Switch: Front switch for primary beam & turn bezel switch for secondary beam
- **ATEX Certification Zone 0 +20**

Specifications:

Batteries : 4AA Alkaline
Material : PC/ABS/LEXAN

Certification :  ATEX Zone 0 + 20
II 1G Ex ia op is IIC T4 Ga
II 1D Ex ia op is IIIC T75°C Da

Colour: safety yellow
Light Source: eLED
Dimensions: 157,5 x 40,6 x 35,6 mm
Weight (incl.batteries): 156 g
Weight (no batteries): 60 g
Light Power: 170 Lumen (Primary beam) / 20 Lumen (Secondary Beam)
Burning time: 6,5 h
Waterproof: 3 m
